

Media Statement – The Hub Woodstock – 8th September 2016

The Woodstock Hub have agreed, in conjunction with The Mayor's Office, not to execute upon the eviction order until Monday the 26th of September 2016.

The Woodstock Hub is hopeful, that over and above the extensions already granted, the stay on the eviction order will allow the occupants additional time to make use of the funds that have been raised in order to find suitable alternative accommodation to ensure the safety and security of the families involved.

This undertaking was given by the Woodstock Hub as a last and final extension and does not detract from the order confirming that the occupants are in unlawful occupation of the property and it is made clear that the undertaking to stay the eviction will not extend beyond Monday the 26th of September 2016.
